At my request the above bank was approached with a view to interesting the management in our work. In addition to calling with Mr. Ricardo Pearson Hale on the manager in B.A., I went to La Plata the other day with Dr. Miguel Piñeiro Sorondo and interviewed the manager there.

The bonos are now printed by the Compañía General de Fósforos, although its imprint does not appear as you will observe from the enclosed. Previous issues were made by the Compañía Sud Americana de Billetes de Banco whose litho stones of the bonos were bought up at auction by the bank.

The bank is apparently satisfied with the work now done and it is only on the chance that our prices, work and quality of paper may interest them that I am requesting that prices, deliveries and samples of paper be sent Messrs. Hale.

Lithographed bonos, 6%-1% amortization. Face, at least two colors; one printing on back.

Text, same as enclosed, altering the series letter and dates on coupons

84 coupons, 1 to 84

Numbered, face, coupons and stub

No perforations or roulette

Overall sizes -(metric) Face 74 x 38; coupons 3.50 x 5.80; stub 10 x 38

Text on stub - title, date and name lines

Bound - manilla paper covers, books of 200

Last series, "B", - total issue of 50 million pesos paper of 15000 bonos 100 pesos each and 48500 of 1000 pesos each

Size of coupon on the enclosed appeals to the bank because of convenience for handling and perforating

These bonos run for 33 years from date of sale to the public. They are printed in series of about 50 million pesos par and issued as mortgages are taken on property within the province. Therefore 84 dated coupons are attached instead of 66. Those which call for interest prior to sale are cut off and destroyed, the subsequent 66 are left intact, and the balance through the 84th are perforated, as shown per the enclosed.

I was told that the bank pays about 21-1/2 centavos Argentine paper per bono; further, that duties would have to be paid on imported bonds, though that was not absolutely certain. However, as the Banco de la Nación has to pay duties on its imported checks, the Banco de la Provincia would very likely have to do the same.

To be effective, I believe a very attractive design or model is advisable. Possibly a smaller coupon would be considered. In any case we have the expressed opinion of the manager of the bank here that it is better to pay a few cents more for greater protection than to stand solely on lowest

extract from J.Lane letter

(original filed in Argentine "BANK NOTE" packet)

"I have called with Mr. Ricardo Pearson Hale on the Banco
de la Provincia de Buenos Aires it would seem that our
agents have not been very active in trying to obtain commercial work.
Apparently they have restricted themselves to Government work. For
instance, the Bco de la Provincia ordered only recently from Jacobo
Peuser a two-years' supply of checks, and from the Cia. General de
Fosforos series "B" of their issue of bonds. They were not aware
of it. If we can get the printing of their series "C", it will be
helpful in interesting other bond issuing banks"

extract of letter from LANE (Original filed in Argentine BANK NOTE packet)

All the members of Messrs. Hale have been very kind and helpful, and I may say that I have become quite friendly with them, especially Dr. Pineiro Sorondo. With Mr. Auberg Cabo I have called on the Banco de La Nacion to see the president, Sr. Zuberbuhler, on the Banco Nacional Hipotecario, Banco Espanol del Rio de La Plata, and five or six times on Sr. Castex of the Casa de Conversion; with Mr. Ricardo Pearson Hale on the Banco de la Provincia de Buenos Aires; and Dr. Pineiro Sorondo was able to accompany me to Montevideo and La Plata.

BANCO DE LA PROVINCIA DE BUENOS AIRES

Attached herewith is a mortgage bond #2438, coupons #4 to 66 attached uncanceled.

We are going to send through a schedule for a model of the bond carrying this same amount of text. The bond and coupon face will be printed in two colors, bond and coupon back in one. Before writing the schedule we would like to get your suggestion together with a lay.

It is our idea to make up our model with coupons about the same size as shown on this bond but to change the coupon around so that the text would run lengthwise of the coupons instead of crosswise, as now shown. Any slight change in the size of the bond head, as well as the coupon, we believe would not be objected to by the bank.

Will you please let us have this information together with proposed lay as soon as possible. Please return the bond with your report.

We have changed the size of the coupons and bond head slightly, but think that the lay will answer the purpose. This is, of course, for an all litho job.

Will you please return the lay to us when it has served your purpose?

BANCO DE LA PROVINCIA DE BUENOS AIRES

SECCION CRÉDITO HIPOTECARIO LEY DE 16 DE SEPTIEMBRE DE 1910

Art. 3.º — El Banco de la Provincia de Buenos Aires, ampliando las operaciones expresadas en el capítulo IV de su Carta Orgánica, podrá realizar las siguientes:

1.º Emitir Bonos Hipotecarios al portador a moneda nacional de curso legal.

Art. 4.º — El Banco queda obligado a pagar con puntualidad el servicio de las obligaciones y Bonos Hipotecarios que emita y a efectuar igualmente la amortización correspondiente.

Art. 10. — Las hipotecas serán constituidas a favor del Banco y únicamente sobre bienes inmuebles sitos en la provincia, libres de todo gravamen.

Art. 15. — El Banco emitirá los Bonos Hipotecarios en los valores que crea conveniente hasta la cantidad de cien millones de pesos moneda nacional en circulación, pudiendo ser aumentada previo acuerdo con el Poder Ejecutivo.

Art. 17. — El interés y amortización asignados a los Bonos Hipotecarios deberán ser los mismos que reconoce la hipoteca.

Art. 19. — El Banco no podrá negarse al pago del capital de los Bonos Hipotecarios sorteados, ni al de los intereses, ni admitir para su pago oposición de terceros no mediando orden de autoridad competente.

Art. 20. — El Banco no podrá conceder en préstamo mayor suma que la mitad del valor de los inmuebles ofrecidos en hipoteca.

Art. 25. — La emisión de Bonos Hipotecarios no podrá superar al importe de las hipotecas.

Art. 26. — El contrato hipotecario de préstamo será otorgado ante escribano público y se tomará razón en la oficina de Hipotecas.

En la casa matriz el escribano tendrá su oficina en el Banco, y autorizará con su firma los Bonos Hipotecarios que correspondan en cantidad y serie al gravamen hipotecario.

Art. 27. — Los Bonos Hipotecarios llevarán en facsimile las firmas del Presidente del Banco y del Director Secretario y serán firmados por el Gerente de la Sección Hipotecaria y por el escribano del Banco.

Art. 33. — La cancelación por entero o parcialmente de la hipoteca de un préstamo en Bonos Hipotecarios será simultánea con la «anulación» de los Bonos correspondientes que hará el escribano del Banco, de modo que los Bonos emitidos se hallen en todo tiempo representados por las obligaciones que gravitan sobre las propiedades.

Art. 34. — En los préstamos con amortización acumulativa, pagadas las anualidades convenidas por todo el tiempo del contrato, queda la hipoteca redimida y libre el deudor de las obligaciones hacia el Banco. La cancelación de la hipoteca en los préstamos en Bonos se efectuará como lo prescribe el artículo que antecede, a cuyo efecto el Banco presentará los Bonos que deban ser anulados definitivamente.

Art. 36. — Con el fondo cobrado por amortización se reasentarán Bonos Hipotecarios por sorteo y a la par, con anticipación de un trimestre o semestre, según sea su servicio.

Art. 37. — Los Bonos rescatados no devengarán interés a favor de los tenedores desde el día señalado para su pago.

Art. 38. — Sin perjuicio de la amortización ordinaria, el Banco tiene el derecho de hacer amortizaciones extraordinarias también a la par, empleando el sorteo en la cantidad que acuerde su Directorio.

SECTION CRÉDIT FONCIER EXTRAITS DE LA LOI DU 16 SEPTEMBRE 1910

Art. 3.º — Le «Banco de la Provincia de Buenos Aires», en outre des opérations énoncées au chapitre IV de sa «Carta Orgánica» (Statuts), est autorisé à effectuer les suivantes:

1.º Remettre des Bons Hypothécaires (Bons Hipotecarios) au porteur en monnaie nationale de cours légal.

Art. 4.º — La Banque fera ponctuellement le service et l'amortissement des obligations et des Bons Hypothécaires émis par elle.

Art. 10. — Les hypothèques seront constituées en faveur de la Banque, seulement sur des biens immobiliers sités dans la Province et libres de toute autre charge.

Art. 15. — La Banque émettra les Bons Hypothécaires, pour les valeurs qu'elle jugera convenables jusqu'à concurrence de cent millions de pesos monnaie nationale en circulation; cette quantité pouvant être augmentée après accord avec le gouvernement.

Art. 17. — L'intérêt et l'amortissement des Bons Hypothécaires seront égaux à l'intérêt et l'amortissement de l'hypothèque correspondante.

Art. 19. — La Banque ne pourra refuser le paiement du capital et des intérêts des Bons Hypothécaires sortis au tirage, et elle n'admettra aucune opposition au paiement faite par des tiers personnes, sauf ordre des autorités compétentes.

Art. 20. — La Banque ne pourra accorder en prêt hypothécaire une somme supérieure à la moitié de la valeur des immeubles offerts en hypothèque.

Art. 25. — L'émission des Bons Hypothécaires ne sera pas supérieure au montant des hypothèques.

Art. 26. — Le contrat de prêt hypothécaire sera rédigé par devant notaire et inscrit au Bureau de la conservation des hypothèques. Le notaire établira son étude au siège central de la Banque, et certifiera sous sa signature les Bons Hypothécaires correspondants en quantité et série à la charge hypothécaire.

Art. 27. — Les Bons Hypothécaires porteront en facsimile les signatures du Président et du Directeur-Secrétaire de la Banque, et les signatures authentiques du Gérant de la Section Hypothécaire et du notaire de la Banque.

Art. 33. — La annulation totale ou partielle de l'hypothèque d'un prêt en Bons Hypothécaires, et l'annulation des Bons correspondants au dit prêt seront effectuées simultanément par le notaire de la Banque, de telle sorte que les Bons émis soient représentés en tout temps par le montant des charges qui grèvent les propriétés.

Art. 34. — Dans le cas de prêts avec amortissement accumulé, le paiement des annuités établies pour toute la durée du contrat produira l'extinction de l'hypothèque et la libération du débiteur. Dans le cas de prêts en Bons, l'extinction sera effectuée selon les dispositions de l'article précédent, et à cet effet la Banque présentera les Bons qui devront être définitivement annulés.

Art. 36. — Les fonds payés à la Banque à titre d'amortissements seront employés au rachat de Bons Hypothécaires au pair et par tirage au sort, qui aura lieu avec une anticipation de trois ou de six mois, selon les conditions établies pour le service des Bons à racheter.

Art. 37. — Les Bons sortis au tirage ne produiront aucun intérêt en faveur des teneurs, à partir de la date fixée pour leur paiement.

Art. 38. — En dehors des amortissements ordinaires, la Banque a le droit de faire des amortissements extraordinaires au pair et par tirage au sort, jusqu'à concurrence de la quantité que fixera le «Directorio» (Conseil d'administration).

MORTGAGE SECTION ACT DATED 16th SEPTEMBER 1910

Art. 3. — The Banco de la Provincia de Buenos Aires is authorised to undertake the following operations in addition to those specified in the 4th Chapter of its Charter.

1.º To issue Mortgage Bonds (Bons Hipotecarios) «to Bearer» in national legal currency.

Art. 4. — The Bank is obliged to pay with punctuality the service of Debentures and Mortgage Bonds which it issues, as well as to effect the corresponding amortization.

Art. 10. — The Mortgages shall be made in favour of the Bank, and only upon real estate in the Province of Buenos Aires which shall be free from charge of any sort or description.

Art. 15. — The Bank shall issue Mortgage Bonds for any amounts it may consider advisable, up to the sum of One hundred million dollars (pesos) currency, in circulation at any given time, which amount may be increased by agreement with the Provincial Government.

Art. 17. — The rates of interest and amortization fixed for the Mortgage Bonds must be the same as those assigned to the corresponding mortgage.

Art. 19. — The Bank cannot refuse to pay the capital value of Mortgage Bonds that have been drawn, nor the interest corresponding to same, nor shall it admit opposition by third parties to such payment, unless by the order of competent authority.

Art. 20. — The Bank cannot grant loans of sums exceeding one half of the values of the properties offered for mortgage.

Art. 25. — The issue of Mortgage Bonds cannot exceed the amount given on mortgage.

Art. 26. — The mortgage loan contract shall be drawn up by a Notary Public, and shall be registered in the public office for the registration of mortgages, in the Bank Building, and shall authorize with his signature the Mortgage Bonds corresponding in value and series to the mortgage effected.

Art. 27. — The Mortgage Bonds shall bear facsimiles of the signatures of the President of the Bank, and of the Director Secretary, and shall be signed by the Manager of the Mortgage Section, and by the Notary of the Bank.

Art. 33. — The complete or partial cancellation of a loan in Mortgage Bonds shall be simultaneous with the cancellation of the corresponding Bonds and shall be effected by the Notary of the Bank, so that the Bonds issued may always be represented by the mortgages upon the respective properties.

Art. 34. — In the case of loans with accumulative amortization, when the yearly services for the entire period of the loan have been paid, the mortgage becomes thereby redeemed, and the debtor freed from all obligations to the Bank. The cancellation of the Mortgage against loans in Bonds shall be effected in the manner stipulated in Art. 33, with which object the Bank shall present (to the Notary) the Bonds which are to be definitely cancelled.

Art. 36. — With the funds received from amortizations, Mortgage Bonds shall be redeemed by drawings at par, three or six months in advance of the respective dates of service.

Art. 37. — Drawn Bonds shall not carry interest in favour of their holders after the date fixed for their payment.

Art. 38. — Without prejudice to the ordinary amortizations, the Bank has the right to effect extraordinary amortizations, by drawings at par, for the amounts that may be fixed by the Board of Directors.

Messrs. S. B. Hale Co., Ltd.,
25 de Mayo 101,
Buenos Aires,
Argentina.

Dear Sirs:-

BANCO DE LA PROVINCIA DE BUENOS AIRES
Bonos Hipotecarios

In line with the suggestion of our Mr. John Lane as contained in his letter of June 19th, we have had prepared by our artist a model of this bond, face and back, which we are sending you this day under separate cover, registered. This model, you will observe, differs materially in general style from the bond which is now in use.

We have made up our design along the lines of the securities which are prepared for the American market. We hope this change in style will be found agreeable to the bank but, if for any reason they would prefer to have the style similar to their present documents we will be glad to endeavor to comply with their wishes. We call your special attention to the change in form of the coupons.

The bond tint and back to be printed in any of the standard colors which might be selected by the bank.

✓
Together with our model we are sending you a sheet of the paper on which we have figured for this prospective order. This bond stock, we think, you will find of good quality and superior to that which is now used.

We are naturally very keen on getting this business and to this end are willing to make a sacrifice in price. For an edition of:-

15,000 bonds of 100 Pesos, 84 coupons, wing form
48,500 " " 1000 " 84 " " "

63500
bond face lithographed in two colors,- bond back lithographed in one color; size of document as per our model; face, stub and coupons numbered,- back not numbered; paper - 28 lb. bond, as per sample being sent you; bound in books of 200 bonds each, manila paper covers, we would quote you....\$5,715.00 U. S. Gold, F.O.B. New York. At this figure the rate per bond would be 9 CENTS. This price, together with the attractive appearance of the model, we trust will be of sufficient interest to merit an order from the bank.

A copy of this letter is being sent to our Mr. John Lane. As he is most familiar with the manufacturing details of our business as well as the relative merits of our product, we suggest that, if agreeable to you, this model - together with our proposition, be held at your office until Mr. Lane has returned to Buenos Aires, when you can confer with him and, through your joint efforts, endeavor to secure this order for us.

The 100 Pesos bond, Series B. No. 2438, carrying coupon No. 4 up, which you purchased on the open market for our account, and which was sent to us by Mr. Lane, is returned to you with the model. Will you please credit our account accordingly.

We have taken a photograph of this bond face and back,
so that you will be able to refer to it, if necessary, later on.

Yours very truly,

Manager Foreign Department.

We enclose herewith copy of our letter of this date, to Messrs. Hale Co., relative to the model which we have prepared following the suggestion contained in your letter of June 19th, under this heading.

We purposely asked Messrs. S. B. Hale to await your return to Buenos Aires before taking up this proposition, as we felt that with your knowledge of the business and the help you could render them, our chances for success would be greater than if the matter were handled by them alone.

ALL MESSAGES TAKEN BY THIS COMPANY ARE SUBJECT TO THE FOLLOWING TERMS:

To guard against mistakes or delays the sender of a cable message should order it repeated, that is, cabled back to the originating office for comparison. For this, one-quarter the unrepeat cable message rate is charged in addition. Unless specifically stated on its face to be 'a repeated message,' this is an unrepeat cable message and paid for as such.

THIS COMPANY WILL NOT ASSUME ANY RESPONSIBILITY CONCERNING ANY MESSAGE BEYOND THE TERMINUS OF ITS OWN LINES.

It is agreed between the sender of the message on the reverse hereof and this Company, that this Company shall not be liable for mistakes or delays in the transmission or delivery, nor for non-delivery, to the next connecting telegraph or cable company, or to the addressee, of any unrepeat message, beyond the amount of that portion of the charges which may or shall accrue to this Company out of the amount received from the sender for this Company, and the other companies, by whose lines such message may pass to reach its destination; and that this Company shall not be liable for mistakes or delays in the transmission or delivery, nor for non-delivery, to the next connecting telegraph or cable company, or to the addressee, of any repeated message, beyond fifty times the extra sum received by this Company from the

sender for repeating such message over its own lines, and that this company shall not be liable, in any case for delays arising from interruption in the working of its lines or from congestion of traffic, nor for errors in cipher or obscure messages, or caused by indistinct handwriting or typewriting; and that in any event this Company shall not be held liable for any loss or damage, or for delay or detention, or error caused by storms or the action of the elements, or other acts of God, or by civil or military authority, or by insurrections, riots, rebellions, or dangers incident to the time of war, or by the unlawful acts of individuals. And this Company is hereby made the agent of the sender, without liability, to forward any message over the lines of any other Company when necessary to reach its destination.

No responsibility attaches to this Company concerning messages until the same are presented and accepted at one of its transmitting offices; and if a message is sent to such office by one of the Company's messengers, or by a messenger of any other company, he acts as the agent of the sender for the purpose of delivering the message and any notice or instructions regarding it to the Company's agent in its said office. Any message sent to the Company's office by private wire or by telephone or by telegraph or through a connecting telegraph, cable, or radio company, is sent at the sender's risk of errors or failures in

such service and all of the terms and conditions herein shall apply to the message throughout, and the person receiving such message by private wire or by telephone or by telegraph or through a connecting telegraph, cable, or radio company acts for that purpose as the agent of the sender, and is authorized to assent to these conditions on behalf of the sender.

It is agreed that this Company shall not be liable for damages or statutory penalties in any case where the claim is not presented to it in writing within sixty days after the message is filed with this Company for transmission.

It is agreed that prompt and correct transmission and delivery of this message shall be presumed in any action for recovery of the tolls therefor, subject, however, to rebuttal by competent evidence.

It is agreed that the exemptions above stated shall apply both to Mexican Telegraph Company and to All America Cables, Incorporated.

The above terms and conditions shall be binding upon the receiver as well as the sender of this cablegram.

No employee of the Company is authorized to vary the foregoing.

Dear Sirs:

Re: BANCO DE LA PROVINCIA DE BUENOS AIRES

We received your cable of October 14th which we decoded as follows:

"October 14th Banco de la Provincia de Buenos Aires refer to your letter of 21st August quote your lowest price F.o.b.N.Y. as per your model and paper bind in books of 100 each different tint each denomination series letter to be C for all denominations 5,000, 1,000, 500, 100 pesos 4,000, 22,000, 14,500 7,500 bonds respectively 25 unnumbered specimens each denomination. What is earliest shipment you can make competition is very keen."

and confirm herewith our reply:

"October 15th refer to your telegram of 14th Banco de la Provincia de Buenos Aires you may quote 9 cents each price U.S.gold f.o.b.New York can be ready make partial shipment about 7 weeks after receipt of approved model Stop. Please advise John Lane Mother continues to improve."

Your inquiry is encouraging to us and this prompts the thought that our model recently sent you has merit.

Although the quantity of bonds which you now request a quotation on is substantially smaller than the previous inquiry and although there

are two additional denominations, we have concluded to endeavor to meet competition by keeping the price the same as before, namely, 9 cents per bond U.S. Gold f.o.b. New York. This figure in the light of prices previously paid should we feel be found most attractive.

On the basis quoted, we hope you will be successful in securing this important order for us.

Yours very truly,

Receipt is acknowledged of your letter of August 21st, enclosing copy of your letter of the same date to Messrs. Hale. I believe they are answering you by this mail, confirming the recent exchange of telegrams in this connection.

I submitted the model to Sr. Maffei, Manager of the bank here, and am now treating with Sr. Somariva of the head office in La Plata and who is in the Buenos Aires office twice a week. The model and the paper pleased them very much but it is now a question of total cost and approval by the Board of Directors.

From the data you telegraphed our agents, the duty paid cost - for a total issue of 48,000 in four denominations - would turn out, at an exchange rate of 2.40 pesos to the dollar, about 37 centavos m/n for each bond - cif cost 22 centavos and duties 15 centavos.

The matter will be decided at a meeting to be held next week and will depend on how the Board feels with regard to price. I realize that your quotation of the same price of 9¢ for a four denomination issue of 48,000 bonds as for one of two denominations totalling 63,500 was a considerable concession. We are doing all we can to make the bank and its board appreciate the fact that our product is worth the difference in price from the local work (20 to 22 centavos each bond).

Dear Sir,

BANCO DE LA PROVINCIA DE BUENOS AIRES

We beg to acknowledge receipt of your favors of 16th and 19th October regarding the printing of bonds for the above Bank. In due course we submitted to same the price of your bonds including the Custom duties at this end, and we now understand that the matter is pending consideration by the Board of Directors. We are sure that your model has appealed to the Bank officials, but fear that the higher cost of your bonds, due principally to the exorbitant import duties which at the present rate of exchange work out at over \$0.06 U/S per bond, may prove unacceptable to the Bank.

We shall, however, follow the business up and advise you later on of any development.

As you no doubt will be aware, Mr. Lane is today leaving for Montevideo, from where he will proceed to Rio de Janeiro.

Yours faithfully,

I am in receipt of your letters of October 16th and 19th,
both with copies of your letters of like dates to Messrs. Hale.

I have seen Sr. Sommariva every time he came in from La
Plata but he always claims that the Board of Directors has not de-
cided as yet and that quotations have been asked from others, who,
I understand, are local houses. I know that the order would be given
us at once if duties did not bring the cost up so much. From my let-
ter of October 21st, you will observe that duties are close to 70%
of the cif cost. The present bonds cost just about what purs do cif.
So it is a question of whether the Directors can be made to realize
that our work is worth the difference.

BANCO DE LA PROVINCIA DE BUENOS AIRES

We have your letter of November 21st as also one from Hale in connection with this matter, to which we are replying today as per enclosed copy.

We are sorry to learn that the high rate of duties makes the cost of our documents seem so prohibitive in price. However, since we understand that our model is well liked and is certainly far superior to what they have heretofore been using, it would seem that by properly following the matter up there might be a chance of convincing the Directors that our work is worth the difference.

BANCO DE LA PROVINCIA DE BUENOS AIRES

Thank you for your letter of November 18th, informing us in connection with the present status of this affair.

It is to be regretted that the exorbitant import duties make our prices so high. It may be, however, that since our model appeals to them they will, after due consideration, be willing to pay this higher price. The matter will bear watching.

SUBJECT

BANCO de la PROVINCIA de BUENOS AIRES

FROM RIO DE JANEIRO TO NEW YORK

Buenos Aires,
DATE December 30th, 1925.FROM
Rio de Janeiro
TO
New York

This bank decided that the duty paid cost of the bonds we offered to print for them is too expensive and the work had therefore been given to a local concern. In my interview with Sr. Sommariva this afternoon, he said that the difference in cost was very marked which caused the directors to decide as they had.

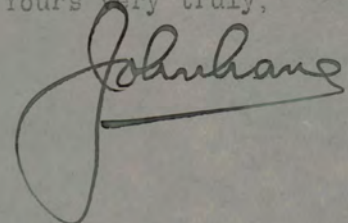

It was worth having the models made up in an attempt to bring this business our way. While I am aware that the high customs dues are a very emphatic disadvantage, the models interested the bank officials and the test showed that our CIF prices for litho work, at present exchange rates, are practically the same as those of local concerns.

This factor of customs charges was also demonstrated in my negotiations with Mr. H. A. Clayton of the "Sud América" Compañía Nacional de Seguros (Vida) in connection with policy forms. It is the same organization as that in Brazil. On a basis of 50,000 forms, the same size, paper and printing and at the same price (\$60.00 per M) we supply Brazil, and at an exchange rate of 2.41 pesos to the dollar, I figured the CIF cost per policy form at 16.95 centavos paper and duties 11.6 centavos, or a landed cost of 28.55 centavos per policy. In the manner in which the company now obtains its policies, the cost is about 15 centavos gross. However, as policies are issued at the rate of about 2,000 per year, a number like 50,000 could not be ordered at any one time, and our price per thousand on a smaller quantity would necessarily be higher.

What the insurance company has done is this- the New York Life Insurance Company has sent it plates for face border and vignette and for title folder back. A local printer (Kidd) runs them off in two colors. Of course, the work does not compare with ours but duties and small quantity are decisive.

The models of the bonds for the bank, forwarded per your letter of August 21st, I have returned to Messrs. Hale who will retain them for the time being unless you instruct otherwise.

Yours very truly,

JL

Dear Sir,

BANCO DE LA PROVINCIA DE BUENOS AIRES

We are in receipt of your favor of 14th December with reference to the mortgage bonds for the above Bank. As we understand Mr. Lane has already advised you, they have decided to have the Serie "C" issue printed here as previously done, in view of the much higher cost that the printing of the bonds by your goodselves would represent to the Bank.

The bond model you prepared has been returned to us, and we are keeping it here for use in case there is an opportunity in the near future to again take the matter up, either with the Provincial Bank or some other institution.-

Yours faithfully,

Director.
President.

Dear Sirs:-

BANCO DE LA PROVINCIA DE BUENOS AIRES

We are sorry to hear from your letter of December 30th that this bank has decided, owing to the high rate of duty, to give this order for bonds to a local concern.

We fully realize the situation though, of course, it would seem that they would be proud to have bonds of our class of workmanship,--even at the additional high cost. However, this is a matter which they must decide.

We can only hope that something may bring about a reduction of such a high rate of duty some time in the near future .

Yours very truly,

Manager Foreign Department.

Gentlemen:

In connection with our business transaction in South America, we are interested in securing close credit information concerning the present standing of the Banco de la Provincia de Buenos Aires, Argentine. In the past you have kindly cooperated with us in exchanging credit information on various South American banks and we are wondering whether you will not write to your representative in Buenos Aires for his opinion concerning the above institution.

We are particularly interested in learning whether there has been any change in the bank's favorable credit standing during the past year and what reputation its management enjoys in directing the institution's affairs.

We wish to thank you in advance for your usual courtesy.

Very truly yours,

A. E. Whitney
Assistant Vice President.
